

Bundling and Securing

Cable Tie Mounts

Adhesive Mounting Bases

Anchor Mount

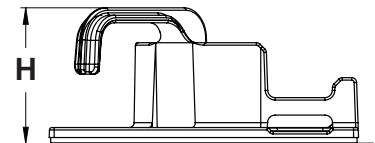

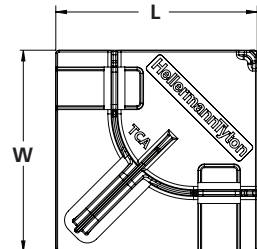

The HellermannTyton Anchor Mount is specially designed for areas that see excessive movement, stress or tension, particularly around hinges or corners. It provides heavy duty strength and adhesion with its extra-large surface area and high-bond acrylic adhesive. The radius guide helps hold and guide bundles up and around hinges, corners, or other obstructions. The mount features a retention arm to help hold wires in place during the planning phases of cable installations, allowing for rework if needed.

Features and Benefits

- Large footprint and acrylic adhesive deliver excellent, long-lasting adhesion.
- Part architecture and large size eliminate need for multiple standard adhesive mounts, allowing for part consolidation and savings.
- Retention arm enables installers to stage cable installation before permanently fastening.
- Unique EZ Feed cable tie slot eliminates common obstructions for faster completion.
- Integrated holes for mechanical fastening if desired.

MATERIAL	Polyamide 6.6 heat stabilized (PA66HS)
Operating Temperature	-40°F to +257°F (-40°C to +125°C)
Flammability	UL 94 V-2 (excluding adhesive)

PART NO.	TYPE	Adhesive	Cable Tie Series	Length (L) in. (mm)	Width (W) in. (mm)	Height (H) in. (mm)	Color	Pkg. Qty.
151-04563	AMB6AHB	High Bond Acrylic	T18-T120;GT.375	2.4 (62.0)	2.4 (62.0)	1.1 (27.2)	Black	50
151-04681		High Bond Acrylic	T18-T120;GT.375	2.4 (62.0)	2.4 (62.0)	1.1 (27.2)	White	50

Dimensions are approximate and subject to technical changes. Use Part No. for ordering and Type for specification purposes.
