- Steel clip provides high panel retention forces, while requiring low insertion force.
- Plastic housing ensures easy, ergonomic installation.
- Ideal solution for applications where holes are not available or temperatures are too extreme for adhesive solutions.
- Parallel orientation means the cable tie is parallel to the fixing edge.
- Perpendicular orientation means the cable tie is perpendicular to the fixing edge.

Material Nylon 6/6 UV Resistant and Heat Stabilized
 Flammability Rating 94V-2
 Temperature Range -.04°F (-18°C) to 221°F (105°C)
