

J. Lanfranco Fastener Systems Inc.
Locknuts For Critical Bolted Joints

Security Fastener Manufacturer of Choice

- Proven Products Tailored to meet the Specific Needs of Industry for Over 35 Years.
- ISO 9001:2008 Certified Factory:
Fully Traceable Products.
- Continuous R&D through Dedicated Engineering
- Short Fabrication Times
Low MOQ's
Prototyping

Locknuts for Critical Bolted Joints & More!

- All Metal Locknuts- Dual Slotted.
- Locknut + Captive Disc Spring Washer
- Modular Fixtures
- Metric Specialty Washers
- Self-Locking Inserts
- Parts To Plan

Advantages- Dual Slotted Self-Locking Nuts

ESL type locknut- all metal, dual slotted

- Superior resistance to Vibration, Extreme Temperatures and Corrosion
- Ensures easy installations with NO GALLING
- Prevailing torque Guaranteed by ISO 2320
- IMPERIAL & METRIC Threads
- Steel Gr.5/8/10, AISI 304 & 316L, Specials
- Special Across Flats & Height Available

ERM type locknut - all metal, dual slotted + spring washer

- Superior resistance to Vibration, Extreme Temperatures and Corrosion
- Disc Spring Washer helps maintain bolt tension
- Designed for Bolted Joints Subjected to Dynamic Loads
- Prevailing torque Guaranteed by ISO 2320
- IMPERIAL & METRIC Threads
- Steel Gr.5/8, AISI 304 & 316L

Stainless Steel Bolting Solutions

- Eliminates Galling in Stainless Steel Assemblies
- Unique Factory Applied Anti-Galling Treatment
- Coupled w/Dual Locking Slots Ensures No Seize Ups
- Guaranteed Friction Coefficient (0,15 +/- 0.03)
 - Eliminate Anti-seize Pastes & Greases
 - Designed For Precision Bolting

Additional Precision Fasteners

- **Modular Fixtures-** unlimited possibilities!

Length, Type & Number of Nuts, Adjustability customized to your needs

Aluminum, Stainless Steel & Steel Channels

Ideal for Panels / Hinges / Composites

- **Self-Locking Inserts-** Dual locking slots, blind

- **Metric Specialty Hardware**

Washers- to DIN / NFE / ISO standards

Large Diameter Metric Bolts

Wide Range of Surface Treatments

Industries Served

- OIL & GAS- Compression
 - Mining & Processing
- Military / Aerospace
- Energy- Hydro / Wind / Nuclear
- Transportation- Metros / High Speed / Freight
